### WORK EXPERIENCE

#### Team Lead | Senior Software Developer

Unmetered Technologies LLP

05/2022 - Present | Dharamshala

- E2E developed a base product leading to the establishment of a **fully product-based branch**.
- **Leading** a product with the potential to connect over 2000 hotels and channel managers worldwide.
- Reduced hoteliers' paperwork by 95% and enhanced transparency by 90%.
- Managed cross-functional teams and led 8-10 employees while spearheading R&D efforts overseeing the comprehensive spectrum of backend API development, data analysis, etc.
- Successfully integrated **Razor Pay, Channel Manager, and Google Center APIs** for seamless functionality.
- Managed server infrastructure including **Cloudways and cPanel**, while actively pursuing proficiency in DevOps methodologies and concepts.
- Utilized **AWS services like S3 and SES** to boost project scalability and efficiency, integrating leading-edge cloud technologies seamlessly.

#### Software Developer

Panacea Softwares

04/2021 - 04/2022 | Mohalli

- Applied coding skills across E-Learning, Transportation, and Hospitality, showcasing versatility and improving work efficiency by 70%.
- **Elevated global sales by 25%** on the Lokalingo.com e-learning platform via seamless booking slot functionality with **timezone capabilities**.
- Revolutionized transportation logistics by implementing software solutions, **achieving an 80% reduction** in client paperwork.
- Developed robust server-side and client-side code for diverse projects, specializing in PHP, HTML, CSS, and JavaScript within **CodeIgniter and Laravel frameworks**.

### PROJECTS

#### Revcatalyst

Website Link: <https://revcatalyst.in/>

App Link: <https://app.revcatalyst.in/>

- We aim to build the central nervous system of the hospitality industry, integrating essential features to meet diverse needs effectively.
- Our software is tailored for small hoteliers, big giants, or hotel chains, facilitating a potential turnover increase of 50%.

#### Karan Hospital

Web Link: <https://drkaranhospital.com/>

App Link: <https://h.drkaranhospital.com/>

- This software provides comprehensive features essential for hospitals, including billing management, OPD, IPD, and more.
- Our software includes HR management capabilities, offering a complete solution within one platform.

#### Eco Hospitality

Web Link: <https://www.ecohospitality.in/>

- It's a versatile website acting as both an OTA platform and CMS, seamlessly integrating data from RevCatalyst for booking processes.
- Integrated Razor Pay for seamless payment processing within the platform.

#### Eco-Lokalingo

Web Link: <https://www.lokalingo.com/>

- It's an e-learning platform where tutors and students can register and learn Japanese..
- Implemented timezone functionality, allowing users to book slots with teachers from different time zones relative to their own.
