SAURABH KUMAR

Senior Software Developer- PHP, Laravel, Javascript

@ sauravshorya666@gmail.com   📍 Dharamshala, Kangra, Himachal Pradesh (176215)

SUMMARY

Detail-oriented, organised and meticulous employee. Works at fast pace to meet tight deadlines. Enthusiastic team player ready to contribute to company success.

EXPERIENCE

Senior Software Developer And Team Lead

Unmetered Technologies LLP

📅 05/2022 - Present   📍 Dharamshala, Kangra (176215)

Guided the team independently, orchestrating all facets of backend development and server management, with a primary focus on designing robust backend APIs and conducting comprehensive product analysis.

- Initiated the solo development of our company's first product, RevCatalyst Base Version, spearheading the foundation for corporate growth and the establishment of a new branch.
- Stepped into the position of Team Lead for RevCatalyst Version 1, overseeing the comprehensive spectrum of backend API development, data analysis, and mentoring responsibilities, all pivotal contributions to the triumphant success of the product.
- Proficient in integrating third-party APIs, adding versatility and efficiency to project functionalities.
- Utilised AWS services such as S3 and SES to enhance the scalability and efficiency of projects, incorporating cutting-edge cloud technologies into the development process.

Software Developer

Panacea Softwares

📅 04/2021 - 04/2022   📍 Sahibzada Ajit Singh Nagar, Punjab 160055

Developed robust server-side and client-side code for various projects, leveraging expertise in PHP, HTML, CSS, and JavaScript, with a focus on CodeIgniter and Laravel frameworks resulting in 25% improvement in accuracy.

- Applied coding skills to diverse industries, including E-Learning, Transportation, and Hospitality, demonstrating versatility in addressing unique challenges and requirements.
- Elevated global sales by 25% on Lokalingo.com, our e-learning platform, through seamless booking slot functionality, empowered by the strategic implementation of timezone capabilities.
- Revolutionized transportation logistics by streamlining client paperwork, achieving an 80% reduction through the implementation of comprehensive software solutions.

EDUCATION

Bachelors's in Computer Application

Govt. P.G College Dharamshala (H.P.U.)
